Dear participants,

we're delighted to present to you our digital, non-profit, live approach to continuing education in the specialty of the SPINE.

As this is not a conventional continuing education event, please take a moment to let me explain the novel approach to continuing education that we're using — I think it'll be an exciting one for you.

It's called "SPINE TO GO".

SPINE TO GO is aimed at physicians and therapists who are looking for further training and continuing education in the field of the spine, not demanding too much time, and free of charge.

The approach is intended to offer the essential topics in conservative and surgical spine therapy in various formats.

Our special characteristics: Live online lectures on a topic in spinal therapy, with subsequent discussion by recognized international specialists — no charges — non-profit project — independence of content (with no influence from the medical industry or other stakeholders) — easy registration and enrolment — CME points — easy access from any computer/smartphone/tablet with Internet access — no recording of the lectures — financing of running costs

through donations.

We'd like to express our special thanks to the speakers, who are all recognized experts in their specialty. Their honorary contribution and the high-quality lectures they provide are the basis for SPINE TO GO's success. And as participants who are keen to learn, you are also making a contribution to sustaining the SPINE TO GO approach and the wide variety of benefits it provides.

We would be delighted to welcome you to lots of our events in the virtual lecture-hall!

Univ. Prof. Dr. med. Tobias Schulte, M.D.

Prof. Dr. Jürgen Harms, M.D. is one of the most renowned international specialists and surgeons in the field of spine surgery. There will hardly be anyone in the world performing spine surgery who does not know him, has not heard about implants and techniques, that he developed, and has not read his scientific papers and books, that he published.

His outstanding experience is a great opportunity for all of us to learn from him. Let's listen to his advice!

It is a great honor to start this series of SPINE LEGENDS with him!

Moderation: Prof. Dr. Tobias Schulte, M.D. + Youth Forum of the German Spine Society DWG
